THE SUMMER CLAS

NT-1 NANOCERAMIC METAL SURFACE PREPARATION PRE-WASH

NT-1 PRE-WASH

Each of our metal frames are pre-finished with a nano ceramic pre-wash to increase paint adhesion. This important step pits the metal surface creating ten times the surface area for the powder coat of paint to bond to. All finishes are a high-solids polyester, architectural grade powder coat. The result is a paint finish that will last far longer than traditional powder coat processes.

Cast ALUMINUM

Superior grade molten aluminum alloy is hand-poured into a mold made from exceptionally detailed woodcarvings. Each casting is hand polished to provide a smooth, finished surface for painting. After a multi-step cleaning process, the furniture receives a baked-on powder paint coat, much thicker and harder than conventional wet paint, followed by a hand-applied antique accent.

SICS® DIFFERENCE

Wrought ALUMINUM

Features heavy tubing, strengthened at stress points with interior wall supports and galvanized steel inserts, triple hand polished 360° welds, and a high-solids polyester, powder-coated finish. Available in 6 different finishes, our wrought aluminum products are as versatile as they are functional.

Stainless STEEL

At Summer Classics, we use a 304 grade stainless steel that has a high chromium and nickel content. This austenitic steel has both strength and corrosion resistance, making it ideal for a long life in outdoor applications. Our stainless steel receives 360 degree welds that are hand polished for maximum durability and a finished look.

THE SUMMER CLAS

N-dura[™] ULTRA HIGH
UV RESISTANT RESIN WICKER

The most realistic and extensive UV resistant protocol in the industry, *N-dura* resin wicker is guaranteed to not experience any significant color change for 5 years. Our ultra realistic resin varies in color and texture, making each piece unique. Available in resin, vinyl or polyethylene, all *N-dura* wicker is memory tested to 50,000 compressions, and is hand-woven over our steel-reinforced heavy gauge aluminum extrusions with a triple antique hand applied finish using nano-ceramic technology.

PLANTATION
HARVESTED *Teak*

The finest teak in the world was sought out to design our wooden furniture pieces. Teak Collections feature plantation grown high quality teak frames with mortise and tenon construction. All of our Teak Collections are available in Natural Teak and our Oyster Teak finish, which was designed to mimic the silvery gray patina teak develops as it ages.

SICS® DIFFERENCE

Resysta® WOOD RESIN

Resysta is an environmentally-friendly resin product composed of rice husks, salt, and mineral oil. This innovative material requires minimum care, and is weather resistant against the sun, rain, snow, or salt water, and is not affected by heat or humidity.

Superstone TABLES

Superstone is a 5 layer composite with 2 layers of cement fiberboard surrounding the aluminum honeycomb core. The UV top coat has high performance bonding agents, with natural mineral granules. No sealant required.

THE SUMMER CLASSICS

Outdoor UPHOLSTERY

All Summer Classics upholstered collections are constructed with 100% outdoor approved upholstery made of water repelling reticulated foam covered in Sunbrella® Cast Dove solution dyed acrylic fabric.

Outdoor SLING

The classic material uses a state-of-the-art quick drying sling which provides an incomparable seating comfort. Strong, tear-proof and UV-resistant, the mold-resistant sling is excellent when compared to other sling fabrics.

SICS® DIFFERENCE

COLORES™ FABRIC

Exclusively designed and colored outdoor performance fabrics including Sunbrella® solution-dyed acrylics and fabrics using only the finest materials and technology for longevity outdoors.

Maintenance + CARE

Our durable and fade resistant furniture covers are lined with a waterproof backing with reinforced, ergonomic handles and breathable vents to prevent mildew. Available in a textural heather gray fabric.

Sink into the cloud-like comfort of the Montecito collection that features oversized proportions that add to this collection's intriguing aesthetic design. Inspired by the art of hand woven basketry, the large wicker weave offers a relaxed look and feel to this low, linear profile frame. Our plush, ultra-dense, Trillium Cloud cushion offers optimal comfort as it mimics the characteristics of natural down, but is entirely hypoallergenic. Montecito is finished in our UV resistant, N-Dura resin wicker for a worry-free experience with the look of natural materials.

W | WOODLAWN

Shown In #48 Teak and Canvas Sling

Mid-century modern design combines with the beauty of plantation grade teak to create the Woodlawn collection. Details such as the outdoor sling back on the chair, clean lines and gracefully fitted cushion enhance the style. The state-of-the-art quick drying sling provides incomparable seating comfort as it is strong, tear-proof, UV resistant and mold resistant. The chairs contain a recliner mechanism for a relaxed feel and the two-seat settee fits perfectly in smaller spaces.

ATHENA

This Collection is designed for use near the Ocean & other Salt Water Environments.

Appropriately named, our Athena collection brings its timeless beauty to any outdoor space. With its curved arms featuring exposed cushions, the wicker is hand-woven with our N-dura™ Resin wicker. The anodized aluminum feet ensure that the collection will be part of your life's best moments for years to come.

This Collection is designed for use near the Ocean & other Salt Water Environments.

Equally beautiful as it is comfortable, our Avondale Teak collection features a smooth texture and minimalistic design that mixes nicely with a variety of collections. Handcrafted from our plantation grown, high quality teak with mortise and tenon construction, this collection is built to last. Available in natural teak or our oyster teak finish, made to mimic the silvery gray patina teak develops as it ages allowing endless design variations.

CHARLESTON

Teak

Shown In #4 Natural Teak

CHARLESTON *Teak*

This Collection is designed for use near the Ocean & other Salt Water Environments.

Crafted from our plantation harvested teak, our Charleston teak collection pairs traditional silhouettes with timeless detailing and the very best outdoor fabrics from Sunbrella. Charleston is now executed in marine grade teak, offering the same design in a material capable of withstanding harsh salt water environments. Available in natural teak as well as our exclusive oyster finish, developed to mimic the coveted silvery gray patina of aged teak giving sophistication to a coastal design.

CLUB *Aluminum*

The beauty of our Club collection is the versatility to be used individually or to mix with other collections. Designed functionally and aesthetically to be used with or without a cushion and crafted using Summer Classics' premium, wrought aluminum and a powder-coated finish that is ten times thicker than wet-coat paint, this collection offers a timeless look to any outdoor space.

CLUB Teak

This Collection is designed for use near the Ocean & other Salt Water Environments.

Crafted from our plantation harvested teak, our Club teak collection pairs traditional silhouettes with timeless detailing. Our Club Teak collection is now constructed using marine grade teak, offering durability and water resistance, particularly near salt water environments. Available is natural teak or our exclusive Oyster teak finish, specifically designed to mimic the coveted look of the silvery gray patina natural teak develops as it ages over time.

COAST

Shown In #4 Canvas/Natural Teak

Modern in design, but minimal in nature. Shed the chaos of life when you step through the door and lounge in the richness of simplicity. While the city buzzes beneath your balcony, you shift your gaze above to the stars slipping beneath the covers of the lavender colored sky. Tomorrow you'll be rested and ready because of the time you invested tonight to cease working and relax.

HALEY

This Collection is designed for use near the Ocean & other Salt Water Environments.

Premium teak in a chamfered lattice back design, our Haley collection adds a luxury, timeless feel to any outdoor space. Haley is constructed using marine grade teak, offering durability and water resistance, particularly near salt water environments. The simplicity of the X back design allows Haley to be easily mixed with any teak collection. Available in natural teak as well as our exclusive oyster finish, developed to mimic the coveted silvery gray patina of aged teak giving sophistication to a classic design. Add our lush Dream cushion for extra comfort.

HAVANA

Shown In #84 Black/Natural Weave

HAVANA

Unexpected, yet timeless, our Havana collection offers a new take on outdoor furniture. Inspired by open cane weaving, but updated in all-weather, natural resin wicker, plays a textural counterpoint to the black aluminum frame. The gently curved silhouette of this collection play part to this sleek and mid-century modern design.

KENNEBUNKPORT

Reboot of the Summer Classics collection circa 1999, Kennebunkport, originally made in pine wood, now designed in aluminum, offers a modern take on this classic design. The beauty of this collection is the versatility to be used individually or to mix with multiple other collections. Crafted using Summer Classics' premium, wrought aluminum and a powder-coated finish, this collection offers a timeless look to any outdoor space.

LATTICE

Simple and classic lines form the timeless “x” back pattern that lends its name to our Lattice collection. This classic pattern is distinguished by graceful proportions and the ability to translate into an array of architectural and industrial designs. Formed in detailed wooden molds and smoothed to perfection, our cast aluminum is finished in a powder coat finish allowing it stand the test of time.

LUNA

Designed for comfort even without a cushion, our Luna collection combines a contemporary and classic look into one dynamic design. Inspired by mid-century curved rattan, this collection is finished in our three step Burlap finish and woven in our N-Dura resin wicker. The herringbone pattern weave and woven corner details offer the best of both simplicity and luxury:

PROVANCE

Shown In #31 Slate Gray

PROVANCE

Shown In #31 Slate Gray

PROVANCE

Classically designed from our cast aluminum, a superior grade molten aluminum alloy is hand-poured into a mold made from exceptionally detailed wood carvings. Each casting is hand polished to provide a smooth, finished surface for painting. After a multi-stepped cleaning process, each piece receives a baked-on powder paint coat, much thicker and harder than conventional wet paint.

Swivel Lounge Is Patent Pending

Sturdy, timeless and built for year around living, the Rustic collection brings a beautiful elegance to any outdoor space. The wicker is made with the most extensive UV resistant protocol to date, N-dura™ resin. For additional durability, the N-dura™ wicker is memory tested and hand woven over heavy gauge aluminum, individually finished with an antiqued application and fine braiding detail to ensure quality and style.

SIERRA

This Collection is designed for use near the Ocean & other Salt Water Environments.

Our Sierra collection's wide stance and mid-century modern design sets a plateau for bold and beautiful outdoor wicker furniture design. Our Sierra stacks wide layers of ultra-UV resistant, 7mm woven, N-dura™ Resin and Resysta®, an environmentally friendly material made of rice hulls, oil and salt. This innovative collection requires minimum care, and is weather resistant against the sun, rain, snow, or salt water, and is not affected by heat, making Sierra the perfect worry-free outdoor furniture collection.

WIND

This Collection is designed for use near the Ocean & other Salt Water Environments.

The innovative and sleek shape of the Wind Collection is crafted using an ultra-UV resistant combination of N-dura™ Resin and Resysta®, an environmentally friendly material made of rice hulls, oil and salt. This innovative collection requires minimum care, and is weather resistant against the sun, rain, snow, or salt water, and is not affected by heat, making Wind the perfect worry-free outdoor furniture collection

SPECIAL CUSHION TREATMENTS

STANDARD CUSHIONS

Our Standard Cushions are composed of bonded fiber layers on top of polyurethane foam, making them exceptionally comfortable. The ratio of foam to fiber is 50% to 50% once core is inserted into the fabric cushion slip.

Dream CUSHIONS™

Dream Cushion™ by Summer Classics offers 1.8 density high resilient and California Fire Rated Foam for maximum comfort. Our woven, water-resistant jacket features a “pillow top” of blown-fiber channels providing the utmost quality and softness. Soft, durable, and water-resistant, this is truly the perfect cushion.

Dream Cushions™ are available on all cushions that can be purchased with a “Seat & Back” Cushion. Dream Cushion is not offered on Cushions listed as “Seat Only”

WELTED CUSHIONS

All Cushions are now available with Matching (Self) Piping & Contrast Piping.

Please refer to the current pricelist for ordering information and details.

FABRIC & CUSHION MAINTENANCE

All Summer Classics fabrics are designed specifically for outdoor use and are naturally resistant to stains and fading. Prior to cleaning, we strongly recommend contacting the fabric manufacturer for specific cleaning instructions. Many household cleaning agents are harmful to the color and life of a fabric, and cleaning instructions can vary depending on the nature of the stain. In the catalog and pricelist, the fabric manufacturer is listed after the fabric number and grade.

COLORES™

Exclusive Fabric Collection

Any Fabric sold by Summer Classics is to be **"SPOT CLEANED ONLY"** Fabrics are not suited to machine washing, machine drying, or dry cleaning.

TO CLEAN: For standard maintenance, we recommend cleaning SC Fabrics with water-based cleaning agents or water-based foam to remove overall soil.

FOR REGULAR CLEANING: Frequently vacuum or lightly brush to remove dust and grime.

✓ PLEASE NOTE

Zippers are included for cosmetic purposes and added drainage only. **DO NOT REMOVE THE FOAM CORES** due to the tight fit and the difficulty with repositioning them when reinserted.

Cleaning & Care MAINTENANCE PRODUCTS

MULTI-PURPOSE

CLEANER PNT-00362

Removes dirt, stains and moisture from surfaces. Suggested for use on fabric, resin, wicker, iron, and aluminum. Prior to cleaning spot test on a small area.

STAINLESS STEEL KIT

SHIELD PNT-00366

Protects Stainless Steel and helps to prevent corrosion. Helps to keep Stainless Steel shiny and free from rust. Includes anti corrosion inhibitors which form an invisible shield to prevent corrosion.

RUST REMOVER PNT-00366

Cleans and removes corrosion, cleans and restores in one treatment. Fast acting and easy to use. Not to be used on sandblasted or glass-blasted Stainless Steel.

TEAK

PROTECTOR PNT-00360

Maintains the original, honey brown color of Natural Teak for a longer time.

SHIELD PNT-00361

Makes Teak and other hardwoods repellent to water and moisture. Helps to prevent stains caused by food and drinks.

CLEANER PNT-00359

For the restoration of Weathered, Gray Teak and other hardwoods. Cleaner & Brightener in one.
