1,2:

### AIRE

Introducing the Aire Collection, where transitional design meets affordable Iuxury. Each piece, stackable for convenience, showcases hand-woven N-Dura<sup>™</sup> resin wicker seats and backs that contour to your body for unparalleled comfort. The collection's ethereal lightness is grounded by the strength of hand-welded aluminum frames, ensuring longevity without sacrificing style. The Aire Collection invites you to indulge in sophisticated design, transforming your outdoor spaces with its accessible luxury.

### AIRE

This Collection is designed for use near the Ocean & other Salt Water Environments.

### ASHLAND

A modern take on the classic Adirondack style seating, our Ashland Collection features a smooth texture and sleek frame design that stands alone or can be used to complement a variety of other collections. Handcrafted from only the finest of Indonesian plantation-grown teak with mortise and tenon construction, Ashland furniture – just like the rest of the Summer Classics collection – is built to last.

### ASTORIA

The Astoria Collection offers a fusion of classic design and modern materials, featuring ultra-UV resistant N-Dura<sup>™</sup> resin wicker hand-woven over durable, wrought aluminum frames. This extensive collection stands out with its fabric-like resin weave and architectural-grade powder coating finish which offers extra durability while the detailed triple-layer coating gives an extra depth to its aluminum finish. Astoria is designed to elevate your outdoor living space with style and functionality.

# AVALON

### AVALON

The Avalon Collection combines maritime charm with modern sophistication, featuring a blend of natural beauty and durable design. Crafted from sustainably harvested grade A marine teak and resilient olefin rope, this collection is built to withstand the elements. The barrel back design adds a touch of elegance, while the plush cushions ensure supreme comfort. The teak's strength and the rope's weather-resistant properties guarantee long-lasting durability and low maintenance for year-round outdoor enjoyment. Transform any space into a serene retreat with Avalon's harmonious blend of style, comfort, and resilience.

This Collection is designed for use near the Ocean & other Salt Water Environments.

THE SC DIFFERENCE

## WROUGHT

Our wrought aluminum features a triple-layer coating for ultimate weather resistance, including powder, dry, and polyurethane clear coats to prevent corrosion, fading, and wear. This ensures durability against harsh conditions and heavy use, offering a lasting blend of style and function. Additionally, our wrought aluminum features thick walls and internal supports, ensuring unparalleled strength and stability.

AVONDALE TEAK PATENTED

### AVONDALE TEAK

The Avondale Teak Collection infuses mid-century design with the timeless beauty of natural teak. This elegant and understated range combines sleek lines and a classic slatted aesthetic, embracing the inherent strength and weather-resistant qualities of teak. Known for its durability and rich patina that develops over time, the collection is ideal for those seeking a blend of style and character in their outdoor spaces. Discover the enduring luxury of our Grade A teak furniture, sourced exclusively from FSC-certified Indonesian plantations committed to environmental sustainability.

# HAVANA

### HAVANA

Evoking the classic charm and vibrant spirit of its namesake, the Havana Collection offers a fresh and timeless approach to outdoor decor. Drawing from the traditional open cane weaving of old Havana, the collection is reimagined using all-weather, natural N-Dura<sup>™</sup> resin wicker to blend historic design with modern durability. The rich texture of the wicker provides a stunning contrast to the polished aluminum frame featuring a gently curved silhouette giving a nod to mid-century modern design.

The Malta Collection is a transitional and unique statement of comfort with clean geometric lines. Crafted using slow growth plantation teak, it embodies a Maltese-inspired aesthetic, where the traditional allure of the Mediterranean meets modern elegance, framing an airy aluminum x-pattern design. Topped with our ultra-deep Dream™ Cushion, this is the ultimate luxury experience. It's a harmonious blend of old and new, ideal for adding a touch of eclectic charm to any contemporary space. Discover the enduring luxury of our Grade A teak furniture, sourced exclusively from FSC-certified Indonesian plantations committed to environmental sustainability.

## MONACO

#### MONACO

A modern yet classic look, the Monaco Collection combines a slim, elegant silhouette with gracious details. Crafted of enduring wrought aluminum, Monaco features refined accents like sloping arms and the signature X-frame design that together create a timeless statement. We choose to use architectural grade powder coating for its exceptional durability and fade resistance, which translates into minimal maintenance and enduring beauty.

# MONTAUK

#### MONTAUK

Plush cushions and a richly-textured, large-wicker weave give the Montauk Collection an air of complete relaxation. With a relatively small footprint, it's simple to arrange these pieces in any setting, such as a small porch or patio. The UV-resistant N-Dura<sup>™</sup> resin wicker has all the charm of natural materials and offers years of easy-care enjoyment. Finished with feet of natural teak, the Montauk collection is handsome from top to bottom.

# MONTECIES PATENTED

#### MONTECITO

Sink into the cloud-like comfort of the Montecito Collection featuring oversized proportions that add to this collection's intriguing aesthetic. Inspired by the art of handwoven basketry, the large wicker weave offers a relaxed look and feel to this low, linear profile frame. Our plush, ultra-dense, Trillium Cloud™ cushion offers optimal comfort as it mimics the characteristics of natural down but is entirely hypoallergenic. Montecito is finished in our UV resistant, N-Dura™ resin wicker for a worry-free experience without losing the look of natural materials.

#### THE SC DIFFERENCE

#### NT-1 pre-wash

Our metal frames receive an advanced nano ceramic pre-wash, a process that prepares the surface at a microscopic level for superior paint adhesion. This technology enhances the durability of the paint finish against chipping and fading, and improves corrosion resistance. This pre-wash ensures our products withstand various weather conditions, maintaining their aesthetic appeal and structural integrity longer than standard outdoor furniture.

MONTEREY TEAK PATENT PENDING

#### MONTEREY TEAK

The ultimate in luxurious outdoor seating, the Monterey Teak Collection features an ultra-plush Dream Cloud cushion nestled in a modern teak frame with elegant metal detailing on the feet and back. ### N-DURA seating

#### N-DURA

The N-Dura<sup>™</sup> Wood Collection marries the classic appeal of teak with the superior durability of resin wood, ideal for any climate, including coastal areas. UV protection and water resistance ensure minimal fading and mildew, offering year-long, low-maintenance enjoyment with the natural look of wood. Not only is this collection filled with gorgeous designs to grace your outdoors, but it is also a heaviernmaterial than teak, which makes it great for windy settings.

## DREAM CUSHIONS

Discover our Dream Cushion, designed for unmatched outdoor comfort. Its waterproof, UV-resistant cover wraps around memory foam with a pillow top, preventing the common issue of "pancaking." Engineered with double zippers for moisture drainage and channels to avoid unevenness, this cushion offers enduring comfort. Plus, it comes with a one-year textile warranty, ensuring your seating stays luxurious and functional.

#### PROVANCE

Handcrafted in cast aluminum, our Provance Collection evokes the relaxed elegance of the South of France known for some of the most beautiful scenery in the world. The design features a double latticework design, scooped high back in our never-rust cast aluminum that is finished in an architectural grade powder coat, 10 times thicker than traditional wet coat paint. The Provance Collection brings the timeless elegance of traditional wrought iron furniture into the modern day.

THE SC DIFFERENCE

#### CAST ALUMINUM

For our cast aluminum furniture, we opt for virgin aluminum considering its free from the impurities often found in recycled alternatives, and therefore delivers extraordinary strength and durability. Our casting technique ensures impeccable detail and structural integrity by pouring aluminum into a vacuum-sealed mold to eliminate air bubbles, enhancing detail and strength for durable, aesthetically appealing furniture.

#### THE SC DIFFERENCE

### N-DURA<sup>™</sup> ultra high uv resistant **resin wicker**

Our resin wicker furniture is engineered with UV resistance built into the material, not just coated on the surface. This ensures that the vibrant color and structural strength are maintained, even after rigorous UV lab testing for up to 4,000 hours, equating to about 5 years of realistic usage. Our multi-tonal wicker combines aesthetic appeal with resistance to fading, cracking, and peeling, ensuring greater longevity than traditional wicker.

# SERENATA

### SERENATA

Our Serenata Collection is built in a minimalist fashion. The angular shape of the frame effortlessly creates a window to the Batyline<sup>™</sup> outdoor sling seat, which is in a smoothly curved form. Its one of our most simple and modern collections due to the sharp angles of the high quality wrought aluminum that is structurely sound with its internally robust foundation as well as its externally durable architectural grade powder-coating, making sure that this collection will last for years and years.

# 18 STYLES

# 20 FABRICS

# SITS LIKE A

#### **O** FRAMES:

The frames are CNC cut from a marine grade 18mm Baltic Birch plywood. This plywood is engineered for the outdoors! They are assembled using exterior grade adhesives and stainless steel fasteners.

#### • MECHANISMS:

Outdoor swivels, swivel glider and pop up sleeper mechanisms are powder coated or epoxy coated for durability. All bearings are stainless steel. Mechanisms are salt tested for 500 hours! Outdoor casters are zinc plated to help prevent corrosion.

#### **O** FABRICS:

Base covers are made from an outdoor performance mesh fabric. This allows the piece to breathe! It allows moisture to escape and aids in drying. Slipcovers and upholstered pieces are wrapped in outdoor performance fabrics. Outdoor performance fabrics are UV and fade resistant plus bleach cleanable. This assures you to have the best in the business!

OUTDOOR FABRICS

#### ○ BACKS/THROWS:

Backs and throws are made of polyester fiber in the SMS waterproof ticking.

### ● SEAT CUSHIONS:

Seat cushions are made of High Resiliency polyurethane foam with a fiber wrap in a 3 layer SMS (spun bond/melt blown/ spun bond) waterproof tick designed for medical use. The tick contains 6% UV additive. Seams are sonic welded by radio frequency to eliminate needle holes.

# O PADDING:

Seat deck, arm and back poly are made from Reticulated foam. An open cell foam designed to allow moisture to escape and air flow to maximize drying! Reticulated foam has anti-microbial additives to help prevent mold and mildew.

#### •• SUPPORT:

Interlaced polypropylene webbing provides the support in the seat. Sheet and strap webbing serves as support in the arms and backs.

#### O FEET:

Exposed wood feet are made of Iroko. A wood that is naturally resistant to rot and decay. Iroko has a nice brown/gold color. We finish it off with Teak oil! Some styles incorporate a plastic foot where visibility is limited!

SEAQUAL INITIATIVE

# TOGETHER FOR A CLEAN OCEAN

THE SC DIFFERENCE

DRIFT RECYCLED FABRIC

Drift Recycled Fabric, through our partnership with the Seaqual Initiative, demonstrates our environmental dedication by using materials from ocean clean-ups for eco-friendly, high-quality fabrics. Our outdoor fabrics feature Seaqual Yarn, an innovative material made from recycled ocean plastic. This collaboration allows customers to contribute to ocean cleanup with each purchase, offering top-performing fabrics that support sustainability.

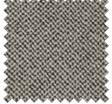

This fabric is part of the SEAQUAL® Inititative and contains upcyclyed marine plastic.

This fabric is exclusively designed and EXCLUSIVE manufactured for Summer Classics®

## ALL STRIPE PATTERNS WILL BE ORIENTED SO THAT THE STRIPES RUN VERTICAL OR "STAND UP" ON THE CUSHION

Up the roll and railroad refer to how the pattern is oriented on the roll. NOTE: Unless notated otherwise, all Stripes will run *VERTICAL*.

Sofa Bench Seat Cushions are wider than a 54" bolt of fabric. Fabrics that have a UTR repeat will have a seam where the bolt of fabric is sewn together. Fabrics that have a RR repeat will not have a seam when applied to single bench cushions.

# FABRIC + CUSHION CARE

All Summer Classics fabrics are designed specifically for outdoor use and are naturally resistant to stains and fading. Prior to cleaning, we strongly recommend contacting the fabric manufacturer for specific cleaning instructions. Many household cleaning agents are harmful to the color and life of a fabric, and cleaning instructions can vary depending on the nature of the stain. In the catalog and pricelist, the fabric manufacturer is listed after the fabric number and grade.

**COLORES™** Exclusive Fabric Collection

Any Fabric sold by Summer Classics is to be "SPOT CLEANED ONLY" Fabrics are not suited to machine washing, machine drying, or dry cleaning.

**TO CLEAN:** For standard maintenance, we recommend cleaning SC Fabrics with water-based cleaning agents or water-based foam to remove overall soil.

**FOR REGULAR CLEANING:** Frequently vaccum or lightly brush to remove dust and grime.

# **∨PLEASE NOTE**

Zippers are included for cosmetic purposes and added drainage only. **DO NOT REMOVE THE FOAM CORES** due to the tight fit and the difficulty with repositioning them when reinserted.

# PIPING/WELTED CUSHIONS

All Cushions are now available with Matching (Self) Piping & Contrast Piping. Please refer to the current pricelist for ordering information and details.

Contrast Piping or "Contrast Welt"

Makes Teak and other husbroods by reveauer and monotone. It denote the recaused by food and denies from the Net SUMMER CEASSICS TEAK Protector

Maintains the original, honey brown color of Natural Teak for a longer time. Easy to Apply. EUMMAR CLAINTER TEAK Cleamer

First to surgering of Windows Class Task and the Last and Classes Wingburger results

#### NATURAL STONE PROTECTOR PNT-00369

Water-repellent sealer. Makes natural stone repellent to dirt, water, and moisture. Helps to prevent stains.

#### N-DURA RESIN WICKER PROTECTOR PNT-00368

Feeds the plasticizers and maintains the flexibility for longer. Helps prevent stains. The UV Filter maintains the new look for longer and extends the lifetime.

#### MULTI-PURPOSE CLEANER PNT-00362

Removes dirt, stains and moisture from surfaces. Suggested for use on fabric, resin, wicker, iron, and aluminum. Prior to cleaning spot test on a small area.

## ARE + MAINTENANC

FABRIC PROTECTOR PNT-00367

Protects fabrics from dirt, stains, and moisture.

STAINLESS STEEL KIT SHIELD + RUST REMOVER **PNT-00366** 

**SHIELD:** Protects Stainless Steel and helps to prevent corrosion. Helps to keep Stainless Steel shiny and free from rust. Includes anti corrosion Inhibitors which form an invisible shield to prevent corrosion.

#### STAINLESS STEEL KIT SHIELD + RUST REMOVER **PNT-00366**

**RUST REMOVER:** Cleans and removes corrosion, cleans and restores in one treatment. Fast acting and easy to use. Not to be used on sandblasted or glassblasted Stainless Steel.

#### TEAK PROTECTOR PNT-00360

Maintains or returns the original, honey brown color of Natural Teak for a longer time. If used on finished teak, this can change the color to a yellow undertone.

Makes Teak and other hardwoods repellent to water and moisture. Helps to prevent stains caused by food and drinks. Can minimize, but not eliminate, the movement of teak oil from the surface to the cushions.

TEAK CLEANER PNT-00359

For the restoration of Natural Teak. Cleaner and Brightener in one. Do not use on finished teak.

#### TEAK CARE & MAINTENANCE PRODUCTS

#### PROTECTOR | **PNT-00360**

Maintains the original honey-brown color of Natural Teak for a longer time.

#### SHIELD | **PNT-00361**

Makes teak and other hardwoods resistant to water and moisture. Helps prevent food and drink stains.

#### CLEANER | PNT-00359

A cleaner and brightener in one. It restores Natural Teak. Do not use on finished teak.

#### THERE ARE SEVERAL WAYS TO MAINTAIN TEAK:

#### FINISHED TEAK (OYSTER TEAK)

CLEAN FINISHED TEAK
 WITH MILD SOAP ONLY
 AND A SOFT CLOTH

#### NATURAL TEAK

- ALLOW TO WEATHER NATURALLY
- · CLEAN REGULARLY
- APPLY TEAK CLEANER
- APPLY TEAK PROTECTOR
- · APPLY TEAK SHIELD

#### NATURALLY AGED TEAK

- ALLOW TO WEATHER NATURALLY
- CLEAN REGULARLY WITH MILD SOAP AND WATER

#### ANY TYPE OF FINISHED TEAK (INCLUDING OYSTER TEAK)

#### TEAK SHIELD

#### PNT-00361

Makes teak and other hardwoods resistant to water and moisture. Helps prevent food and drink stains. Can minimize but not eliminate the movement of teak oil from the wood to the cushions.

#### NEW UNFINISHED NATURAL TEAK

#### TEAK PROTECTOR PNT-00360

Maintains or returns the original honey-brown color of Natural Teak for a longer time. If used on finished teak, the protector can change the finish to have a yellowish undertone.

#### TEAK SHIELD PNT-00361

Makes teak and other hardwoods resistant to water and moisture. Helps prevent food and drink stains. Can minimize but not eliminate the movement of teak oil from the wood to the cushions.

#### TEAK CLEANER PNT-00359

A cleaner and brightener in one. It restores Natural Teak. Do not use on finished teak.

#### NATURALLY-AGED UNFINISHED TEAK

#### TEAK SHIELD PNT-00361

Makes teak and other hardwoods resistant to water and moisture. Helps prevent food and drink stains. Can minimize but not eliminate the movement of teak oil from the wood to the cushions.

TEAK CLEANER PNT-00359

A cleaner and brightener in one. It restores Natural Teak. Do not use on finished teak.

# CARE + MAINTENANCE

### DE-COLORIZATION OF TEAK OVER TIME:

#### Please note:

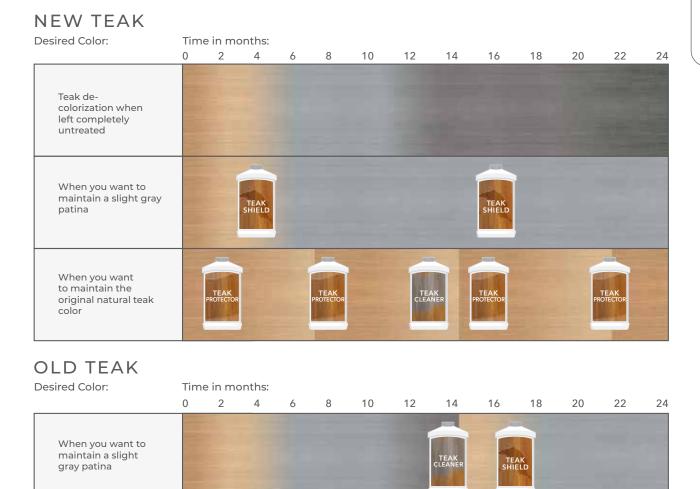

When you want to maintain the

color

original natural teak

- Teak Shield is safe to use on both natural and finished teak. It will minimize but not completely eliminate the movement of teak oil from the wood surface to the cushions.
- Teak Protector contains pigment to maintain the honey-brown color of natural teak. If used on finished teak, the protector can change the finish to have a yellowish undertone. It is recommended for use only on Natural Teak products.
- Teak Cleaner is designed to be used only on Natural Teak. It should never be used to maintain finished teak, including products with Oyster Teak finish.

Teak de-colorization occurs naturally with exposure to environmental elements and does not affect the structural integrity of the product. The diagram below is an estimate and will vary based on geographic location and climate.

TEAK

TEA

#### FREQUENTLY ASKED QUESTIONS ABOUT TEAK & CLEANING

#### What's the advantage of teak outdoor furniture?

Teak is the premier wood to use in outdoor furniture due to its high oil and rubber content, which makes the wood durable and helps prevent rotting. Plus, teak is naturally resistant to termites and other wood-eating insects due to its silica content.

#### How will teak furniture weather outside?

- Teak furniture is perfectly suited for use in any outside environment—even waterfront settings and will gradually develop a beautiful, soft gray patina. Teak wood is known for its superior durability, stability, and low maintenance.
- Teak reacts to outdoor elements such as humidity, dampness, light, and moisture just like wooden porches, doors, framing, banisters, and railings do. Depending on the environment, color changes due to natural graying and weathering may become noticeable after a few months of use. In drier climates, teak will take several months to weather. If the wood is exposed to infrequent moisture, the color will fade slowly with only minor discoloration. In moist climates where furniture is subjected to regular dew and sunshine, teak wood will weather more quickly. Not all pieces that are in the same location will weather at the same rate.

#### If I prefer the honey-brown color of unfinished teak, how do I retain this color?

If you notice checking (small cracks in the wood) or graying—both normal weathering for teak—our Teak Cleaner can be used to restore the golden color. (Do not use Teak Cleaner on finished teak.)

 For regular maintenance, wipe down the furniture with a soft cloth, using mild soap and warm water. Once the furniture has dried, you can apply our Teak Protector to retain the honey-golden color of natural unfinished teak (we recommend doing this twice a year—spring and fall). The Protector replenishes the teak oil in the drying wood and restores the honeygolden color. BE SURE TO APPLY TO ALL TEAK SURFACES, EVEN THE UNDERSIDES!

#### Why are there color variations in my teak wood furniture?

Teak is a natural product with inherent characteristics.

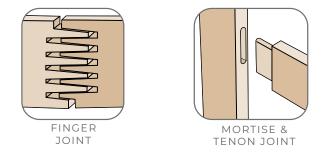

Just as no two handmade or hand-touched products are exactly alike, no two teak wood slats are identical. Each component is cut at different times from different areas of aged trees. To create longer planks of teak and reduce waste, a finger joint will be used and is not to be confused with mortise and tenon joints. (See example below).

#### Will my teak furniture with a factory-applied finish weather?

- Even with finished teak products, the wood's oil will migrate to the surface and into the finish. Expect some of this oil to bleed out, especially following the first few rainfalls. In order to protect your cushions, store them separately after use. Once the seat and back have begun to develop a silver-gray patina it's no longer necessary to store the cushions separately.
- The oil can also move the white primer to the surface of the product, which may change or lighten the finish color. This is a natural attribute of teak and doesn't diminish the durability of the piece.

#### What are some good tips for protecting my cushions from teak oil stains?

- Staining from naturally occurring teak oil may result on cushions left on teak furniture before the silver-gray patina develops. For best results, wipe down your teak furniture with a damp cloth. Store cushions separately for the first year to minimize the chance for teak oil to stain the cushions, as this is not covered by our warranty for frames or cushions. For added protection, Teak Shield is safe to use on both natural and finished teak. When applied to teak furniture, it will minimize—but not completely eliminate—the natural movement of teak oil from the wood surface to the cushions.
- Once the seat and back have begun to develop a silver-gray patina, it's no longer necessary to bring the cushions inside.

For more detailed information and how-to videos on teak care visit SummerClassicsHome.com/Product-Care

#### What's the best way to maintain the Oyster Teak Finish?

- The teak oil finish on the Oyster Teak products forms a thin film coating that allows the wood to breathe, enabling the oil and the primer to seep into the wood pores. For regular maintenance, use a soft cloth with mild soap and water to wash the furniture. Never use a hard brush or pressure washer as it will wash away the teak oil and the primer.
- Finished teak is recommended for use in covered outdoor settings. When the furniture is not in use, furniture covers will help prolong the finish. The factory-applied finish will begin to weather after about a season of use and won't necessarily wear away in an even fashion. Once this starts to occur, the unfinished teak will be exposed and will weather naturally, acquiring the gray patina that's a distinguishing feature of untreated teak wood.

#### I have black spots on my teak furniture. Is it mold?

- Over time all teak products will have black spots and checking (small cracks in the wood). These are not defects but are a natural part of the teak acclimating to its new environment. Teak wood will not mildew; however, mildew can grow on dirt and other foreign substances that are not removed from the wood. This occurs more commonly in warm, humid climates. It is recommended to follow standard teak cleaning procedures as soon as black spots form; otherwise, stains may form and become difficult to remove from the wood.
- Periodic cleaning of the furniture surface will remove environmental deposits that could promote mildew growth. For light cleaning, wipe down the furniture using mild soap, warm water, and a soft cloth. Rinse with a hose, using gentle pressure to remove the soap. Allow to air dry. Applying Teak Shield has also been shown to impede mildew growth.

#### Is it okay to sand teak furniture?

If you have a rough area on a natural teak product and prefer smooth teak you can use a fine grit sandpaper or a piece of standard cardboard to sand the wood to a smooth touch. Do not use power sanding as the heating may cause dark marks on the wood. Also, do not sand pieces with an Oyster Teak finish as you will sand off the finish.

#### How often do I need to clean my teak furniture? Teak ages over time and needs to be cleaned and treated twice a year at a minimum - spring and fall.

#### How do I clean teak?

 Periodic cleaning will help maintain your teak furniture and keep it looking good for years. For general cleaning (recommended twice a year), hose down the furniture using gentle pressure (high pressure can erode the wood surface). Scrub the wet furniture using a soft bristle brush and a solution of <sup>2</sup>/3 cup laundry detergent in 1 gallon of warm water. Rinse the entire piece with fresh water to remove any remaining cleaning solution.

For more intensive cleaning, Summer Classics has several products that are specially designed to make upkeep easy. Be sure to clean all teak products on a disposable plastic or thick fabric drop cloth. This will prevent you from staining or damaging the surface under the product being cleaned. Contact with the Teak Cleaner, Protector, or Shield may affect grass, plants, and some types of flooring or pavement.

## Is it safe to use your products on all teak furniture?

Please refer to our how-to section for detailed directions before beginning. Teak Protector, for example, can give a yellowish undertone to finished teak. Teak Cleaner should be used on natural (unfinished) teak only. Only clean finished teak—including our Oyster Teak—with a soft cloth and mild soap and water. Harsh cleaners can remove the finish from the teak.

#### How do I apply the cleaning products?

For best results, follow the directions on the bottle. A few tips to remember: Do not use a spray bottle to apply Teak Cleaner, Protector, or Shield because you may over-apply to an area and create chipping and wood bubbling. Do not clean our teak products with a pressure washer, even on the lowest setting. This will remove the finish on the painted teak or damage the weathering patina on natural teak.

### Is there a recommended sequence for applying the cleaning and wood treatments?

To clean Natural (unfinished) Teak pieces, begin with Teak Cleaner. (Do not use Teak Cleaner on Finished Teak! It will remove the finish.) To maintain the honey-brown color of Natural Teak, follow cleaning with Teak Protector. To help repel water and prevent stains, apply Teak Shield over Teak Protector. Do not apply Teak Protector over Teak Shield as Teak Shield will prevent Teak Protector from penetrating the wood.

## WATERPROOF FURNITURE COVERS

Made using Heather Gray solution dyed polyester fabric

Summer Classics premium furniture covers are designed with durability and style in mind. Our durable and fade resistant outdoor fabric is lined with a waterproof backing. Our covers have reinforced, ergonomic handles and breathable vents to prevent mildew. The fabric is colored in a textural heather grey to minimize visual impact when left on. Click-close straps tighten to secure cover for windy days. Covers are available to fit individual frame sizes and dining sets.

## PILLOWS + RUGS

WENDY JANE IS A CURATED COLLECTION OF INDOOR AND OUTDOOR PERFORMANCE PILLOWS AND RUGS. EACH PIECE IS HANDCRAFTED IN THE USA USING FASHION-FORWARD FABRICS DURABLE ENOUGH TO WITHSTAND WEATHER, PETS, AND WHATEVER ELSE LIFE BRINGS TO THE TABLE.

## PILLOW TALK

## MIX IT UP

WENDY JANE CREATES ONE-OF-A-KIND DESIGNS BY MIXING AND PIECING OUR PATTERNED FABRICS TOGETHER. THESE STYLISH DESIGNS CREATE A LAYERED LOOK THAT ADDS A DIMENSION TO YOUR SPACE, INDOORS AND OUT.

•

High-Performance Style: this indoor/ outdoor rug is specifically designed to tolerate outdoor elements and heavy traffic

Durable Fibers: made of 100% polypropylene for livable durability and increased resilience

Veather-Resistant Durability: made of 100% polypropylene to maximize Iurability in high-traffic and outdoor areas

Eco-Friendly Fibers: made in India of 00% PET yarn (recycled plastic bottles)

Versatile Performance: hooked construction and stain-resistant fibers maximize this rug's indoor or outdoor

Fade-Resistant Finish: constructed of 100% polypropylene for a durable quality

Easy Care: this rug is easy to clean and s weather resistant; vacuum regularly for indoor use

Rug Pad Recommended: allow maximum air flow and additional cushioning with an outdoor rug pad

## WALK IT OUT:
